VOLUME 8. MARYVILLE, MISSOURI, FRIDAY, JULY 20, 1917 NO. 40.

HERE ARE THE FIRST DRAFT NUMBERS

The 383 Names Listed Will Be Among The First To Answer Draft Call To Fill Nodaway County's Quota, 141

The Democrat-Forum has in this issue of the paper the first 383 names that were drawn in Nodaway county under the draft law. The drawing began at 9:30 o'clock in the Senate office building at Washington and the numbers were received in Maryville shortly after 9 o'clock, central time. From that time on numbers came every hour by telephone and in this way was able to give its patrons almost instaneous service.

As soon as the numbers were received the names were posted up in the office windows and the windows of the Hanamo Telephone company's office were also utilized. All day a monstrous crowd stood in front of the office watching the bulletins as they were put in the windows. The crowds in and out of the office made the printing of today's paper a huge task.

Another outcome of the day was the large number of telephone calls received and answered by the Democrat-Forum force in regard to the draft.

At 1:30 o'clock a small extra was put out containing the names of all those who had been chosen up until that time. It is possible that those who were in this 383 first drawn will be among the first to go into training. The estimated quota from this county is 141 but this is unofficial.

General Crowder admitted at 7 o'clock today that the task of drawing the names would not be finished until Saturday morning, and that there would be no intermissions in the drawings.

Washington, July 20.—Secretary Baker drew the first number in the draft. Before drawing he made a speech explaining the purpose of the drawing and assuring the nation that the draft is being conducted in all fairness. Crowder also made a short speech, explaining the machinery connected with the drawing. Baker said, "Gentlemen, we meet here to conduct the draft from which the new national army will be recruited, and to make such increases as are necessary to bring the army up to its regular strength. This is an occasion of great dignity and solemnity. It represents the principles which we believe to be democratic and fair in selecting soldiers to uphold the national honor." Representative Dent drew the second number, Senator Chamberlain the third, Representative Kahn the fifth, General Bliss the sixth, Crowder the seventh and General McCaine the eighth.

$700,000 FOR ROADS NOW

This Much Received From Federal Resources Brings Total up to $1,200,000 for Highways.

There is now in the treasury of Missouri, credited to the state road fund, more than $700,000, while $510,000 stands appropriated by the United States Congress for federal aid on road construction in Missouri. This makes a total of more than $1,200,000 available for road work in this state at this time. $200,000 of this sum will be used to drag the system of inter-county seat highways, and a like amount must be distributed to all counties making requisition for same for permanent improvements on county roads, as provided by law. Requisitions for state aid on county roads from this $200,000 fund must be filed with the State Highway Department before August 1. Requisition blanks, together with table showing the amount due each county, based on its assessed valuation, were forwarded by the state department to all county clerks on June 13, with the request that they attend to the matter, in order that the state department would have time to investigate plans and specifications submitted by the county courts. The State Highway Department sends out the warning that it may be necessary to call a special session of the county court in some counties, in order that application for these funds may be made, before August 1, as required by law, or else the appropriation for the county this year will revert to the state road fund. The remainder of the state road fund, and federal funds appropriated, is available to match dollars with counties, townships, districts, or persons interested in the construction of "State roads," as provided by the Hawes road law.

FIX THE ROADS.

Rural Routes Will Be Cut Out Where Traveling Is Poor.

The "Postmaster Everywhere" — a publication devoted to postoffice matters—contained the following in a recent issue:

"The postoffice department has decided to cut out a large number of rural routes in the next few months to reduce expenses. Inspectors will go through the country in the next few months and examine all roads which the rural carriers travel and whenever the condition of the roads is found bad, routes will be discontinued. Roads which show neglect will be more apt to be condemned than those which have been put into first-class condition. One careless road overseer in a township may be responsible for the loss of a route."

Paul B. Cunningham, 15, Severely Beaten by Adopted Parent—Investigation Results in Boy's Return.

J. F. McDonald, district manager of the Orphans Homes of this section of Missouri, was in Maryville yesterday investigating the case of Paul B. Cunningham, 15 years old, who has been living with Dave Shupe for the last three years. The Shupes mistreated the boy, so the neighbors say, and after a severe beating which he received last Wednesday the neighbors took it in hand and sent for the superintendent. The result of the superintendent's investigation was that the boy was taken to St. Joseph yesterday afternoon and will be returned to the Orphan's home in St. Louis from which he came.

After the beating which the boy received Wednesday, he ran away. Mr. Shupe asked the authorities to arrest him, but they refused to take any action in the matter when they saw how the boy had been used.

You Will Be Given 10 Days After Filing Claim to File Proof of Your Support of Claim.

As the draft numbers have been selected, The Democrat-Forum is publishing a few pointers in regard to the next steps to be taken to select the men for military service. These are taken from the bulletin of information issued by Provost Marshal General Crowder.

As soon as quotas are assigned to each board, each board will call upon persons whose cards are in its jurisdiction instructing them to present themselves for examination. This call will be posted at the office of the local board and the papers will print it. A notice will also be mailed to you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself.

If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are. If you are physically qualified and file no claim for exemption, or if you do not appear for examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged. On the eighth day after call, or within two days thereafter, copies of the list of persons so posted to the district board will be printed and also posted.

Whether you file a claim of exemption or not, you must present yourself for physical examination on the day named in the notice.

How To File Exemption.

If you wish to file a claim of exemption or discharge go to the board and get form 110 for exemption or form 121 for discharge. Fill out the proper form and file it with the board. Do this within seven days of the posting and mailing of notice to you to present yourself.

Account of Fishing Party.

Quite a number of Maryville and Trenton people have been enjoying a camping and fishing trip the past week at Holmes' Bend, on Grand river south of Gallatin. They arrived on the camping ground Sunday—the camping outfit having been shipped Saturday and the camp established by the colored chef. We caught all kinds of fish and ate them until we could not look a fish squarely in the face. The Maryville crowd took all they wanted home with them. The chef would cook from forty-five to fifty for a meal, so you see we ate some fish. In the evening we would put on bathing suits and all go to the river and have a good swim before supper. After supper we were entertained by the chef and his helper in war dances, songs and readings by different members of the party. We would retire at a late hour. The ladies had one tent, the men one and the colored men one. The men took turn about running the fish lines during the night. We sure had a jolly bunch of people and a jolly, good time.

Those from Maryville who came across country in cars were: Mr. and Mrs. R. B. Montgomery, Mr. and Mrs. H. L. Raines and three daughters, Mr. and Mrs. M. A. Peery and two daughters, Mr. and Mrs. Tom Penniston and two sons and three daughters, Homer Ogden and colored chef, (Charles Martin), and Shike Smith; Mr. and Mrs. G. E. Cline of Trenton, and daughter; Mr. and Mrs. Elmer Brown of Trenton, and son; Cecil Merrifield of Boonville; Mr. and Mrs. L. C. Bauer and daughter of Gallatin, Mrs. Georgia Cline, Mr. and Mrs. Dale Glaze spent a pleasant evening with the party, also.

They broke up camp Friday evening and all hope to meet again on the banks of the Grand next year.—One Who Was There.—Gallatin North Missourian.

THE ARMY NEEDS BAKERS

Excellent Opportunity for Young Men Who Wish to Volunteer in This Branch of Service.

A chance for Maryville young men who would like to enlist in the United States army as bakers is given this week by the quartermaster general, who has issued directions to organize at once forty bakery companies in addition to the ten companies now within the continental limits of the United States.

The personnel of these companies will consist of one first lieutenant, one second lieutenant, one sergeant, first class at $51 per month, twenty-three sergeants at $44 per month, fifteen corporals at $38 a month, 45 privates, first class at $33 a month, fifteen privates at $30 a month and two cooks at $38 a month. In addition the government will furnish food, lodging and clothing.

This is an opportunity for strong and energetic men to learn a trade. Men who volunteer now will have an excellent opportunity for promotion. There are about 800 vacancies in the grade of sergeant baker and 600 in the grade of corporal to be filled by the most capable men.

In addition to this there will be vacancies in the grade of first and second lieutenant for experienced bakers with the necessary educational qualifications. A young man with a good high school education stands a good chance to enlist, learn the baker's trade, and place himself in line for promotion to the grade of non-commissioned officer and commissioned officer. Why not enlist now for one of these companies? You have an opportunity for service abroad and a good chance for promotion.

The Quartermaster General has decided to offer the commissions in these companies to deserving men from the ranks.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

About "Cal" Pierce.

Many here wish that Cal Pierce would find his hat in the congressional ring the next time he loses it and would have to make the race in the second district in order to get it. He would not only find his hat but find himself elected and the people would find him a mighty fine representative. We need a few business men in the halls of congress for a change and Cal would certainly be there and over. Will some good Samaritan please toss that old hat of his into the ring.—Pickering Pick-ups in Hopkins Journal.

Here From New York.

Harry McIntire, who has been taking post graduate work in the Columbia University of New York, arrived home Monday to remain several weeks visiting home folks. He is in line to head the new educational department to be established by the National Bank of Commerce of New York, the object of this department being to examine applicants for positions with the bank, find out their qualifications, etc., and then give each one special training needed for advancement in his work. Vocational tests are now being made by many of the bigger business institutions of the country.—Hopkins Journal.

Stickle Drills Boys.

Wm. Stickle, a young farmer residing southeast of Hopkins, was a drill master in the Spanish-American war, and is now drilling a company of twenty boys of his neighborhood, boys ranging in age from 1 to 15 years of age, and they can now "right about face," "present arms" and go through the other requirements with as much ease and grace as many of the older boys in the regular training camps. It is a fine thing to drill the young boys as well as to instill patriotism into their souls for military training in case of war is more than half the battle, Germany being a shining example of this fact. They begin drilling over there as soon as tots are big enough to shoulder a gun and keep drilling in and out of season. Mr. Stickle is doing a patriotic act and his example should be followed in every community in the United States.—Hopkins Journal.

Miss Gladys Hildreth left this morning for her home in Harrington, Kans., following a visit with relatives in Maryville.

Watch!!!

For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer."

Then came Bevo—a cereal beverage, not a "near-beer," but offered purely for what it is—a delightful, wholesome and nutritious drink. Bevo met with instant and *complete* success. A whirlwind success.

Owing to Bevo's popularity, some beverages are now being offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious. But *you* don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try to identify Bevo by the shape of the bottle alone—

Look!!

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

Look for the Seal
See that it is unbroken covering the Crown Top
Look at the Crown Top and see that it bears the Fox
Be sure the Bottle bears this label

Listen!

Bevo is a pure drink. This means more than that it contains pure ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria.

Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality.

Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks.

You can't get these good qualities in anything but Bevo—demand the genuine.

You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountains, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case. Bevo is sold in bottles only—and is bottled exclusively by

Mr. Coss still has a warm place in his heart for Nodaway county and may decide to locate here again in the near future.—Burlington Junction Post.

DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 8. MARYVILLE, MISSOURI, FRIDAY, JULY 20, 1917 NO. 40.

HERE ARE THE FIRST DRAFT NUMBERS

The 383 Names Listed Will Be Among The First To Answer Draft Call To Fill Nodaway County's Quota, 141

The Democrat-Forum has in this issue of the paper the first 383 names that were drawn in Nodaway county under the draft law. The drawing began at 9:30 o'clock in the Senate office building at Washington and the numbers were received in Maryville shortly after 9 o'clock, central time. From that time on numbers came every hour by telephone and in this way was able to give its patrons almost instaneous service.

As soon as the numbers were received the names were posted up in the office windows and the windows of the Hanamo Telephone company's office were also utilized. All day a monstrous crowd stood in front of the office watching the bulletins as they were put in the windows. The crowds in and out of the office made the printing of today's paper a huge task.

Another outcome of the day was the large number of telephone calls received and answered by the Democrat-Forum force in regard to the draft.

At 1:30 o'clock a small extra was put out containing the names of all those who had been chosen up until that time. It is possible that those who were in this 383 first drawn will be among the first to go into training. The estimated quota from this county is 141 but this is unofficial.

General Crowder admitted at 2 o'clock today that the task of drawing the names would not be finished until Saturday morning, and that there would be no intermissions in the drawings.

Washington, July 20.—Secretary Baker drew the first number in the draft. Before drawing he made a speech explaining the purpose of the drawing and assuring the nation that the draft is being conducted in all fairness. Crowder also made a short speech, explaining the machinery connected with the drawing. Baker said, "Gentlemen, we meet here to conduct the draft from which the new national army will be recruited, and to make such increases as are necessary to bring the army up to its regular strength. This is an occasion of great dignity and solemnity. It represents the principles which we believe to be democratic and fair in selecting soldiers to uphold the national honor." Representative Dent drew the second number, Senator Chamberlain the third, Representative Kahn the fifth, General Bliss the sixth, Crowder the seventh and General McCaine the eighth.

GERMANS FAVOR PEACE

Reichstag Votes For Coalition Resolution 214-216, Which Asks for No Annexations.

Special to The Democrat-Forum.

Copenhagen, July 20.—The Reichstag yesterday afternoon adopted a majority peace resolution by a vote of 214 to 116 with seventeen not voting. The vote was announced amid great applause from the left side and center of the houses. The coalition peace resolution declared that Germany did not desire peace with annexations.

$700,000 FOR ROADS NOW

This Much Received From Federal Resources Brings Total up to $1,200,000 for Highways.

There is now in the treasury of Missouri, credited to the state road fund, more than $700,000, while $510,000 stands appropriated by the United States Congress for federal aid on road construction in Missouri. This makes a total of more than $1,200,000 available for road work in this state at this time. $200,000 of this sum will be used to drag the system of inter-county seat highways, and a like amount must be distributed to all counties making requisition for same for permanent improvements on county roads, as provided by law. Requisitions for state aid on county roads from this $200,000 fund must be filed with the State Highway Department before August 1. Requisition blanks, together with table showing the amount due each county, based on its assessed valuation, were forwarded by the state department to all county clerks on June 13, with the request that they attend to the matter, in order that the state department would have time to investigate plans and specifications submitted by the county courts. The State Highway Department sends out the warning that it may be necessary to call a special session of the county court in some counties, in order that application for these funds may be made, before August 1, as required by law, or else the appropriation for the county this year will revert to the state road fund. The remainder of the state road fund, and federal funds appropriated, is available to match dollars with counties, townships, districts, or persons interested in the construction of "State roads," as provided by the Hawes road law.

FIX THE ROADS.

Rural Routes Will Be Cut Out Where Traveling Is Poor.

The "Postmaster Everywhere" — a publication devoted to postoffice matters—contained the following in a recent issue:

"The postoffice department has decided to cut out a large number of rural routes in the next few months to reduce expenses. Inspectors will go through the country in the next few months and examine all roads which the rural carriers travel and whenever the condition of the roads is found bad, routes will be discontinued. Roads which show neglect will be more apt to be condemned than those which have been put into first-class condition. One careless road overseer in a township may be responsible for the loss of a route."

RETURNED TO ORPHANAGE

Paul B. Cunningham, 15, Severely Beaten by Adopted Parent—Investigation Results in Boy's Return.

J. F. McDonald, district manager of the Orphans Homes of this section of Missouri, was in Maryville yesterday investigating the case of Paul B. Cunningham, 15 years old, who has been living with Dave Shupe for the last three years. The Shupes mistreated the boy, so the neighbors say, and after a severe beating which he received last Wednesday the neighbors took it in hand and sent for the superintendent. The result of the superintendent's investigation was that the boy was taken to St. Joseph yesterday afternoon and will be returned to the Orphan's home in St. Louis from which he came.

After the beating which the boy received Wednesday, he ran away. Mr. Shupe asked the authorities to arrest him, but they refused to take any action in the matter when they saw how the boy had been used.

DRAFT POINTERS

EXAMINATIONS WILL FOLLOW AS SOON AS QUOTAS ARE ASSIGNED.

IF CLAIMING EXEMPTION

You Will Be Given 10 Days After Filing Claim to File Proof of Your Support of Claim.

As the draft numbers have been selected, The Democrat-Forum is publishing a few pointers in regard to the next steps to be taken to select the men for military service. These are taken from the bulletin of information issued by Provost Marshal General Crowder.

As soon as quotas are assigned to each board, each board will call upon persons whose cards are in its jurisdiction instructing them to present themselves for examination. This call will be posted at the office of the local board and the papers will print it. A notice will also be mailed to you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself.

Report For Physical Test.

You must report for physical examination on the day named in your call. If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are. If you are found physically qualified and file a claim for exemption within 7 days after your call you will be given 10 days after filing your claim of exemption to file proof in support of your claim of exemption. If you are physically qualified and file no claim for exemption, or if you do not appear for examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged. On the eighth day after call, or within two days thereafter, copies of the list of persons so posted to the district board will be printed and also posted.

Whether you file a claim of exemption or not, you must present yourself for physical examination on the day named in the notice.

How To File Exemption.

If you wish to file a claim of exemption or discharge go to the board and get form 110 for exemption or form 121 for discharge. Fill out the proper form and file it with the board. Do this within seven days of the posting and mailing of notice to you to present yourself.

Another person can file a claim in your behalf, but must use different forms in filing the claim.

The following are the only grounds for exemption: That you are an officer, legislative, executive, or judicial of the United States or state. That you are a regular or duly ordained minister of religion. That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school. That you are in the military or naval service.

Grounds of Exemption.

Claims for discharge may be made on any of the following grounds, which are the only grounds for discharge by a local board: That you are a county or municipal officer. That you are employed by the United States in the transmission of mails. That you are a married man with a wife or child dependent on your labor for support. That you have a widowed mother dependent on your labor for support. That you have aged or infirm parents dependent upon your labor for support. That you are the father of a motherless child under 16 dependent upon your labor for sup-

Account of Fishing Party.

Quite a number of Maryville and Trenton people have been enjoying a camping and fishing trip the past week at Holmes' Bend, on Grand river south of Gallatin. They arrived on the camping ground Sunday—the camping outfit having been shipped Saturday and the camp established by the colored chef. We caught all kinds of fish and ate them until we could not look a fish squarely in the face. The Maryville crowd took all they wanted home with them. The chef would cook from forty-five to fifty for a meal, so you see we ate some fish. In the evening we would put on bathing suits and all go to the river and have a good swim before supper. After supper we were entertained by the chef and his helper in war dances, songs and readings by different members of the party. We would retire at a late hour. The ladies had one tent, the men one and the colored men one. The men took turn about running the fish lines during the night. We sure had a jolly bunch of people and a jolly, good time.

Those from Maryville who came across country in cars were: Mr. and Mrs. R. B. Montgomery, Mr. and Mrs. H. L. Raines and three daughters, Mr. and Mrs. M. A. Peery and two daughters, Mr. and Mrs. Tom Pennisston and two sons and three daughters, Homer Ogden and colored chef, (Charles Martin), and Shike Smith; Mr. and Mrs. G. E. Cline of Trenton, and daughter; Mr. and Mrs. Elmer Brown of Trenton, and son; Cecil Merrifield of Boonville; Mr. and Mrs. L. C. Bauer and daughter of Gallatin, Mrs. Georgia Cline, Mr. and Mrs. Dale Glaze spent a pleasant evening with the party, also.

A TREATMENT FOR NERVES

Woman Tells How Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

THE ARMY NEEDS BAKERS

Excellent Opportunity for Young Men Who Wish to Volunteer in This Branch of Service.

A chance for Maryville young men who would like to enlist in the United States army as bakers is given this week by the quartermaster general, who has issued directions to organize at once forty bakery companies in addition to the ten companies now within the continental limits of the United States.

The personnel of these companies will consist of one first lieutenant, one second lieutenant, one sergeant first class at $51 per month, twenty-three sergeants at $44 per month, fifteen corporals at $38 a month, 45 privates, first class at $33 a month, fifteen privates at $30 a month and two cooks at $38 a month. In addition the government will furnish food, lodging and clothing.

This is an opportunity for strong and energetic men to learn a trade. Men who volunteer now will have an excellent opportunity for promotion. There are about 800 vacancies in the grade of sergeant baker and 600 in the grade of corporal to be filled by the most capable men.

In addition to this there will be vacancies in the grade of first and second lieutenant for experienced bakers with the necessary educational qualifications. A young man with a good high school education stands a good chance to enlist, learn the baker's trade, and place himself in line for promotion to the grade of non-commissioned officer and commissioned officer. Why not enlist now for one of these companies? You have an opportunity for service abroad and a good chance for promotion.

The Quartermaster General has decided to offer the commissions in these companies to deserving men from the ranks.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

About "Cal" Pierce.

Many here wish that Cal Pierce would find his hat in the congressional ring the next time he loses it and would have to make the race in the second district in order to get it. He would not only find his hat but find himself elected and the people would find him a mighty fine representative. We need a few business men in the halls of congress for a change and Cal would certainly be there and over. Will some good Samaritan please toss that old hat of his into the ring.—Pickering Pick-ups in Hopkins Journal.

Here From New York.

Harry McIntire, who has been taking post graduate work in the Columbia University of New York, arrived home Monday to remain several weeks visiting home folks. He is in line to head the new educational department to be established by the National Bank of Commerce of New York, the object of this department being to examine applicants for positions with the bank, find out their qualifications, etc., and then give each one special training needed for advancement in his work. Vocational tests are now being made by many of the bigger business institutions of the country.—Hopkins Journal.

Stickle Drills Boys.

Wm. Stickle, a young farmer residing southeast of Hopkins, was a drill master in the Spanish-American war, and is now drilling a company of twenty boys of his neighborhood, boys ranging in age from 1 to 15 years of age, and they can now "right about face," "present arms" and go through the other requirements with as much ease and grace as many of the older boys in the regular training camps. It is a fine thing to drill the young boys as well as to instill patriotism into their souls for military training in case of war is more than half the battle, Germany being a shining example of this fact. They begin drilling over there as soon as tots are big enough to shoulder a gun and keep drilling in and out of season. Mr. Stickle is doing a patriotic act and his example should be followed in every community in the United States.—Hopkins Journal.

Miss Gladys Hildreth left this morning for her home in Harrington, Kans., following a visit with relatives in Maryville.

Watch!!!

For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer."

Then came Bevo—a cereal beverage, not a "near-beer," but offered purely for what it is—a delightful, wholesome and nutritious drink. Bevo met with instant and *complete* success. A whirlwind success.

Owing to Bevo's popularity, some beverages are now being offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious. But *you* don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try to identify Bevo by the shape of the bottle alone—

Look!!

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

Look for the Seal

See that it is unbroken covering the Crown Top
Look at the Crown Top and see that it bears the Fox
Be sure the Bottle bears this label

Listen!

Bevo is a pure drink. This means more than that it contains pure ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria.

Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality.

Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks.

You can't get these good qualities in anything but Bevo—demand the genuine.

You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountains, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case. Bevo is sold in bottles only—and is bottled exclusively by
